Upload any additional information

The Alumni Association was formed in the year 2016 under the title ASET ALUMNI ASSOCIATION. The Alumni Association exists to keep all former students of our institute in touch with the institution which will give a positive energy for both the current students and the alumni members. The alumni meet is conducted once in a year. The alumni association committee consists of a President, Vice-President, Secretary, Joint Secretary, Treasurer and executive members.

The Alumni donates their valuable time to offer career support to current students. Their interaction with the students and their visit to the institution motivate the young minds. The alumni also help the students for their projects and give them technical supports. An engaged Alumni network allows the College to benefit from the skills and experience of our graduates, by offering their support to our students, to the institution and to each other. One of the main purposes of alumni association is to support a network of former graduates who will, in turn, help to raise the profile of the university.

The Alumni will be having a wider professional network which will be helpful for the students for higher studies and also for a better placement. Talented alumni will likely have a wealth of experience and skills to share with current students via talks, meetups and newsletters. Alumni are the first ambassadors for any institution. Many of the Alumni often generous with fundraising efforts. This philanthropic support is invaluable for the institution.

5.4.1 ASET ALUMNI ASSOCIATION

VISION OF THE INSTITUTION

Grow as a centre of learning and research, transforming students to professionals with knowledge, skill, competence, commitment, confidence and ethics to serve the society.

MISSION OF THE INSTITUTION

To impart value-based education and promote curricular, co-curricular and extracurricular activities amongst students through extensive theoretical and practical training by qualified and experienced personnel using state-of the-art facilities

To promote research and consultancy for institution development and contribution to the society.

LIST OF OFFICE BEARERS

SI No	Name	Batch	Designation
1	Mr. Swaroop K	2012-16 CE	President
2	Khaleel Rahman	2012-16 CE	Vice-President
3	Ms. Hardhi S	2014-18 CE	Secretary
4	Mr. Kamal N	2014-18 EEE	Joint Secretary
5	Shilpa T S	2013-17 CE	Treasurer
6	Ms. Soundarya R	2015-19 CSE	Executive Member
7	Ms. Nandini K	2015-19 CSE	Executive Member
8	Mr. Rahul R	2015-19 CE	Executive Member
9	Mr. Ajith Mohan	2014-18 ME	Executive Member
10	Ms. Darsana P B	2012-16 EEE	Executive Member
11	Mr. Sharath M	2014-18 EEE	Executive Member

ALUMNI INTERACTION

The ASET Alumni Association has conducted so many programs related to Engineering and also for building a stable career for the current students

1. The ASET Alumni Association organized a webinar on the topic 'Interior Design in Civil Engineering' which was presented by Ms. Maria Rose Johnson of Civil Engineering department. The talk inspires the young Civil Engineers to study more on Interior designing and new trends in interior designing.

2. The second webinar organized by the Alumni with the help of Mr. Jithin P of our Mechanical Engineering department helped the students to crack the Gate exam with confidence. He also gave many tips for the competitive exam and different job opportunities by scoring high marks in GATE exams.

3. Mr. Tony Titus of Civil Engineering department gave a talk on the topic 'New trends in Construction'. He is one of the co-founders of a construction company. As he was a successful entrepreneur, students were well attracted in his talk and the new advancements in the field of Civil Engineering.

4. Ms. Sreya Sasi has given a talk on career opportunities in Australia. The talk is based on her experience which motivated our students to fly abroad for their studies and job

13. The Alumni Ms. Mridula R of Computer Science and Engineering conducted a technical speech on Block Chain Technology. She started the session with a basic knowledge in Block Chain Technology. The topic was very informative for final, third and second year students

14. The department of Mechanical Engineering along with ASET Alumni Association organized a webinar on Manufacturing of Injectors. The session was handled by Mr. Praveen C. He explained about recent process advancements in the field of manufacturing of automobile injectors and how to plan for a successful career as an automobile engineer.

15. Our alumni Mr. Ramakrishnan P A gave a motivational talk on Career in Core Engineering. He is from the Mechanical department. Ramarishnan is now working as NVH Analyst at ASM Digital Engineering Pvt Ltd, Bangalore.

16. A talk on Importance of Skilling among youth

A talk was conducted on 9th February 2022 by Anagha C M (2012-16 batch) on the Importance of Skilling among youth. She is currently working as Programme Manager, ASAP. She started the talk with the importance of communication skills in different areas. The confidence level can be built up by improving the communication skills. The knowledge of additional skills will help our community to switch to different jobs. These skill acquisition programmes are not only confined to the student community, but also it can improve house-wives, jobless people etc. The objective of such skill acquisition programmes are to eradicate the job deficiency among society. We have to improve the 'soft skills' or 'people skills' which includes Behaviour, Attitude, Communication, Honesty, Team Work etc. The talk is concluded by requesting all students to find their interested areas and hence to improve their soft skills.

MINUTES OF MEETING

Annual meetings were conducted by the Alumni on certain agenda. An executive committee with Principal as the patron, Swaroop K Ravindran as President, Hardhi as Secretary and Mr. Dhanesh as staff advisor is selected in the meeting.

The meeting conducted a review on the different webinars handled by the Alumni. The webinars conducted during the pandemic days enabled the students to give an interactive session with the Alumni.

An executive committee meeting was held on December 20th 2020 to declare officially that the Alumni Association is going to be registered in the name of ASET Alumni Association. Arrangements were made to create a logo. As per KTU norms, formation and further official legal activities will be associated with the help of Administration Officer. It is decided to conduct an online get together and also invited passed out batch (2016-2020) to Alumni. A lifetime membership fee of Rs. 1000 is fixed to collect from the Alumni or a yearly membership of Rs.100. It is planned to give an online gate coaching, library usage on behalf of Alumni association with the help of faculties from each department.

Executive Committee Meeting was held on May 25th 2021 to discuss about the points of the previous meeting and also to welcome new suggestions from the Office bearers and the members. It is decided to conduct a General Body Meeting in the month of June. A review on the conduction, participation and impact of online reviews were done.

A General Body meeting was conducted on June 27th 2021. New office bearers were selected with our Principal Dr. P.R.Sreemahadevan Pillai as President, Mr. Dhanesh S and Mr. Swaroop K Ravindran as Vice President, Ms. Lakshmi Suresh and Ms. Hardhi as Secretary. The Executive committee members are Dr. Krishna Kumar Kishor, Dr. G. MUruganath, Dr. V. Balamurugan, Dr. S. Gunasekharan, Dr. Binoy Balan, Prof. Prakash D, Mr. Abhijith V and Ms. Kripa K M from the faculty side, Ms. Anagha C M, Ms. Reshma R, Ms. Maria Rose Johnson, Mr. K. Sakthiprasad, Mr. Muhammed Anees, Mr. Khaleel Rahman, Mr. Subin N N, and Mr. Tony Titus from the student side.

A VENTURE BY OUR ALUMNI

Alumni of 2012-16 batch Mr. Swaroop and Mr. Tony Titus (Civil Engineering department) has started a new venture named as Swanlake Constructions. Swanlake Constructions helps people make their homes more comfortable and form a safe and friendly space to be inside. Among other things, they offer interior design, and also, they sell constructional materials. Moreover, they erect residential buildings, and also offer architectural and civil engineering.
