

AHALIA SCHOOL OF ENGINEERING AND TECHNOLOGY

ANNUAL REPORT 2023-24

INSTITUTION PROFILE

Ahalia School of Engineering and Technology started its journey, in the year 2012 to impart quality education and research in the field of engineering and technology. In the same year we achieved an intake of 300, which was the maximum intake approved. Now we completed the 11th successful year. The college was initially affiliated to calicut University, and from the year 2015, is affiliated to APJAKTU, Thiruvananthapuram.

ACADEMIC ACTIVITIES

The odd semester classes for the academic year 2022-23 began as follows: S7 – 10th August 2023, s5 – 3rd August 2023, S3- 4th September 2023, S1- 18 September 2023 . The even semester classes commenced as follows: S8 - 22nd January 2024 , S4 & S6 - 29th January 2024 and S2- 29th January 2024 .

The Admission process for the year 2023-24 began well in advance in the month of Feb 2023, as booking enquiries to various department, were received from December 2022 itself. The classes for the first year started in the last week of with an AICTE-mandated student Induction program (SIP) conducted from 9th September 2023 . we conducted a bridge course on Physics, chemistry, mathematics and basic engineering subjects for new entrants.

UNIVERSITY RESULTS

In the overall University results published during the year 2023-24 our college repeatedly had the highest pass percentage in Palakkad district, among private colleges. Vishnuram from CSE Department acquired CGPA of 9.38. Amrutha M H from ECE Department acquired 9.03, Darshana M from CE Department acquired 8.85, Bibin Chandran from EEE Department acquired 8.24 and Gokul P from ME acquired 7.97 in the university S8 Examination held during May 2024.

EVENTS ORGANIZED BY THE DEPARTMENTS

THREE DAY HANDS ON WORKSHOP ON "FUN WITH ELECTRICAL & ELECTRONICS"

Fun with Electrical & Electronics a 3 day hands on workshop organized by Department of Electrical and Electronics Engineering for 10th, 11th and 12th passed out students. The workshop was conducted on 15th, 16th and 17th May 2024. As a part of workshop a power quiz was conducted on the final day and prize for winners of quiz competition and certificate of participation to all participants was distributed on valedictory function

SEMINAR ON "ADVANCED DESIGN CONNECTIONS & BIM WORKFLOW"

CE Department conducted a technical talk on "Advanced Design Connections & BIM workflow" on 7th December 2023 in association with LearnTech IT Company. The session was handled by Architect Mr. Surya Prakash A.V.

LIBRARY INFRASTRUCTURE

College Library is maintaining a good ambience for the users with a good number of journals, online services, question paper repository, OPAC, etc. Campus Wi-Fi and the Campus LAN enable seamless connectivity.

KTU Techfest and KETCON 2024

TECHFEST AND KETCON 2024 are annual technical programs meant to encourage the inventions of students in the University. The program is organized by APJ Abdul Kalam Technological University, Thiruvananthapuram and is hosted by Ahalia School of Engineering and Technology, Palakkad. The event showcases the technological innovations and advancements made by students in the university and is a big technological event. Talented students have an opportunity to present or display their innovative products and ideas in this program. The programme acts as a platform to engage & interact with the new developments in the technological realm. At KETCON, research contributions by the students, faculty and research scholars from the colleges under APJAKT university will be presented in multiple parallel sessions. In addition to the contributed papers, KETCON includes keynote and invited talks by professional leaders on subjects of current relevance.
