**COMPUTER SCIENCE ENGINEERING DEPARTMENT  
ASSOCIATION (2024 – 25)**

**Mission:**

To nurture technical expertise, foster innovation, and promote teamwork by providing students with opportunities to enhance their knowledge, showcase their skills, and lead initiatives that integrate theoretical learning with practical application.

**Vision:**

To create a community that promotes creativity, collaboration, and technological advancement, empowering students to excel in the digital era and equipping them with the necessary skills for successful careers.

**Objectives:**

1. Organize a diverse range of technical events, competitions, and workshops to develop student proficiency in coding, media, and problem-solving.
2. Offer opportunities for peer learning, leadership development, and collaboration through club initiatives and projects.
3. Facilitate the connection between academic learning and real-world technological applications by encouraging participation in technical challenges.
4. Cultivate an environment that encourages innovation, allowing students to explore and engage with emerging technologies.

**Clubs and Focus:**

**1. Coding Club:**

Focused on enhancing programming skills and logical thinking through regular coding competitions, workshops, and peer-to-peer learning. The club emphasizes mastering programming languages, algorithms, and problem-solving techniques.

## **2. Hackathon Club:**

Aimed at fostering creativity, innovation, and teamwork through hackathons where students collaborate to develop functional software and solutions for real-world challenges within limited timeframes.

## **3. Media Club:**

Dedicated to exploring the intersection of technology and media, providing students with opportunities to work on digital content creation, video production, and graphic design projects. The club serves as a creative outlet for students interested in tech-driven media solutions.

We have created the TECHNOCRATZ association with the aim of driving innovation, collaboration, and excellence in our department. The list of office bearers and event coordinators for the year 2024-25 has been formulated, and together we will ensure a productive and exciting year ahead.

# REPORT OF ASSOCIATION

## ASSOCIATION INAUGURATION

The Department of Computer Science Engineering at ASET inaugurated the Technocratz Association on 29th August 2024.

The event commenced with a prayer song, followed by a welcome address by Dr. R. Sivakumar, Professor and HOD of AI and ML.

Dr. P.R. Suresh, Principal of ASET, delivered the Presidential Address, and Dr. Krishna Kumar Kishore, Vice Principal, delivered an inspiring speech.

Dr. S. Gunasekaran, HOD of CSE, delivered the Inauguration Address, and Chief Guest Dr. Nikhil Krishnan M, Assistant Professor of Data Science at IIT Palakkad, provided an inspiring speech.

The association coordinator, Dr. Reshma B, briefed the association activities and introduced the office bearers while Ms. Amritha Devadasan introduced the associate clubs, including the Coding Club, Hackathon Club, and Media Club.

Dr. Nikhil Krishnan M. officially launched the association's logo and clubs.

The event concluded with a vote of thanks by P. K. Sangameswar, President of the Technocratz Association.

Following the inauguration, a workshop on "Cybersecurity and Ethical Hacking" was conducted by Neeraj O, a Cybersecurity Analyst and Cyber Forensic Investigator. The workshop, held from 11 am to 4 pm, provided valuable insights into cybersecurity and ethical hacking practices, equipping students with essential skills for the field.

## FEEDBACK OF WORKSHOP

### ***Participant's view:***

*As a participant in the Cyber Security and Ethical Hacking workshop, I found the session to be incredibly informative and engaging. The trainers provided a comprehensive overview of modern cybersecurity threats, shedding light on how hackers operate and how we can protect ourselves in the digital age. The hands-on activities were particularly exciting, allowing us to practice ethical hacking techniques in a controlled environment. It was a great opportunity to enhance our skills in identifying vulnerabilities and securing networks. Overall, the workshop was well-organized and highly educational, leaving me with valuable insights and a deeper understanding of cybersecurity.*

The feedback from participants has been highly positive, with all attendees finding the workshop on *Cyber Security and Ethical Hacking* extremely useful. The interactive sessions, combined with practical exercises, allowed participants to gain valuable insights into the field of cybersecurity. Many praised the relevance of the topics covered and the clarity of instruction. Overall, the workshop was a great success, equipping participants with both knowledge and skills to better understand and protect against cyber threats.
